1. Please introduce yourself

Sample answer:

I am Muhammad Umair from XYZ City. I completed my bachelor's in Computer Science from UET Taxila (with a 3.6 CGPA). I have done an internship/work with the XYZ company. I have now been admitted to Berlin University of Technology for a master's in Data Science.

2. Why did you choose Germany for your studies?

Sample answers:

1. I chose Germany because the education system there is really good. Germany offers many opportunities and benefits to students.
 2. Because Germany has free education and top-ranked universities, particularly in my chosen field, I want to study in Germany because it will open better career opportunities.
 3. I have chosen Germany for my studies due to its free and high-quality education. Also, the education system is top-class and combines theoretical learning and practical training.
-

3. Why did you choose this specific university?

Sample answers:

1. I chose this university because it offers the exact course I want. Also, it has good research facilities and provides updated course content.

2. I picked this university because of the course curriculum and the good quality of education. Also, this university provides good opportunities for research in my relevant field.
 3. I applied to several other universities and got other admissions too, but I chose this university because the course I'm going to study is being offered only here. I also believe it will help me get good opportunities after graduation.
-

4. Why did you choose this specific course?

Sample answers:

1. The reason why I chose this specific course is that it is related to my previous qualification. I have a strong interest in this field since I have studied it before.
 2. I want to study this because I found it interesting. The knowledge and application of this course are advancing day by day. This inspires me to study this course.
 3. I have chosen this course as it provides a theoretical and practical understanding of (specific skills or knowledge) that are highly in demand in my desired career path.
-

5. Is this course relevant to your previous degree?

Sample answers:

1. **Yes**, this course is relevant to my previous studies because I have studied (mention 3 related subjects from your previous transcript) that are the foundation for this course. So, this course is relevant to my previous studies.
 2. **Yes**, this course is relevant to my previous studies, and I have done a project/internship (mention if any) related to this field. This course will add value to my profile and help me grow in my career.
-

6. How does this course relate to your previous degree?

Sample answers:

1. This course is relevant to my previous studies because I have studied (mention 3 related subjects from your previous transcript), which are the foundation for this course. So, this course is relevant to my previous studies.
 2. This course is relevant to my previous studies, as I have done a work experience/project/internship (mention if any) related to this field. This course will add value to my profile and help me grow in my career.
-

7. What will you study in this course?

Sample answers:

1. In this course, I will study both theoretical and practical subjects like (mention 2–3 subjects, e.g., data analysis, project management, and research methods) that will help me gain the skills needed in my field.
 2. This course covers topics like (mention 2–3 subjects), along with case studies and practical projects. It will help me understand real-world applications and prepare me for my future career.
-

8. What is the name of your university? Is it a public university or a private university?

Sample answer:

My university's name is "Berliner Hochschule für Technik," and it is a public university.

9. Do you have relatives or friends in Germany or Europe?

Sample answers:

1. No, I don't have any relatives or friends in Germany or Europe.
 2. Yes, my brother lives in Italy and is currently studying in the 2nd year of his Master's.
 3. Yes, I have one friend in Germany. He is studying in Berlin.
-

10. How did you come to know about Germany? / Who told you about Germany?

Sample answers:

1. I learned about Germany through the DAAD website. I came to know about its free education, strong education system, and opportunities for international students.
 2. I came to know about Germany from friends and seniors who are already studying there. They shared their good experiences and encouraged me to explore Germany.
 3. I came to know about Germany through Muhammad Umair Khan's YouTube channel, where I learned about study opportunities, life in Germany, and the application process.
-

11. Why didn't you apply for English-speaking countries like the UK or Australia?

Sample answers:

1. I didn't apply to the UK or Australia because Germany offers high-quality education with no tuition fees. Also, it has strong job opportunities after graduation, which makes it the best choice for me.
2. I didn't apply to the UK or Australia because Germany has a strong reputation for practical education and research. Also, the cost of living and studying in Germany is much more affordable compared to those countries.

12. Are you going for a bachelor's or a master's?

Sample answers:

1. I am going to Germany for a bachelor's program.
 2. I am going to Germany for a master's program.
-

13. What is your Intended date of travel?

Sample answer:

My intended date of travel is 15 September 2025.

(Your intended date of travel should always be some days **later** than your interview date.)

14. Which degree are you going to pursue in Germany?

Sample answer:

I will be studying a Master of Engineering in Automotive Software Engineering (course name) at (University Name).

15. Who is sponsoring you to study in Germany? / What is their source of income? What do they do?

Sample answers:

1. My father is sponsoring me to study in Germany, and my father is a teacher by profession.
2. My mother is sponsoring me. She is a Government Employee.

16. What are the occupations of your parents?

Sample answer:

My father is a doctor by profession, and my mother is a housewife.

17. How much does your sponsor earn per month/per year?

Sample answers:

1. My father is a doctor by profession, and he earns around 4 million PKR per year.
 2. I'm not sure about the income of my sponsor, but I think they earn around 3 to 4 million PKR per year.
-

18. How many siblings do you have? What do they do?

Sample answer:

We are 3 siblings. My elder brother works at a bank. Then there is I, intending to study abroad. And lastly, my younger sister. She is completing her higher secondary education in Lahore.

19. What is your enrollment deadline?

Sample answer:

My enrollment date is/was September 15, 2025. (See your admission letter.)

20. Can you hand me a copy of your Enrollment Letter?

Sample answer:

Yes, here it is. (Take an additional copy of all documents.)

21. Where will you stay in Germany? / Did you find an accommodation?

Sample answers:

1. Yes, I have found an accommodation. I shall be staying at the student dorm.
 2. I have applied for the student dorms (studentenwerk), and I am also looking for private options. Hopefully, I'll soon find an accommodation.
-

22. What was your CGPA in your last degree?

Sample answer:

My CGPA in my previous degree is 3.4.

23. In the Last degree, your grades were low/average. How will you manage your studies at a German university?

Sample answer:

1. I am a hardworking student. I prefer to learn concepts. So, I believe I can study easily at a German university.
2. Although my previous grades were average, I have learned from that experience and improved my study habits. I'm now more focused and disciplined. I'm confident that with my strong interest in the (subject) and consistent effort, I will succeed in my studies at a German university.

**24. Do you have any travel history?
/ Have you traveled to any other country before?**

Sample answers:

1. No, I haven't traveled to any country before.
2. Yes, I once went to Saudi Arabia with my family.

25. What are your plans after graduation?

Sample answers:

1. After completing my graduation, I shall continue to do research in my field.
2. After completing my graduation, I plan to get a job in Germany.
3. After completing my graduation, I plan to do a PhD in Germany.

26. Have you received the acceptance letter from some other universities as well?

Sample answers:

1. Yes, I have received acceptance letters from 2 other universities, but I preferred this university because of its location and course curriculum.
 2. No, I haven't received the acceptance letters from any other universities. This course was my desired course, and luckily, I got admission to it.
-

27. When did you graduate?

Sample answer:

I completed my bachelor's and graduated in June 2024.

28. What is the duration of your course?

Sample answers:

1. My bachelor's course duration is 3.5 years.
 2. My master's course duration is 2 years.
-

29. When will your classes start?

Sample answer:

1. My classes will start on 10th April.
 2. My classes have already started on 7th April.
-

30. Why didn't you apply in the previous semester?

Sample answers:

1. My documents were not complete. That is why I didn't apply in the previous semester.
2. I have just graduated/completed my first 2 semesters, which is why I didn't apply in the previous semester.

3. My intended course is only available this semester, which is why I didn't apply in the previous semester.
-

31. Have you applied for a study visa before?

Sample answer:

No. I haven't applied for a study visa before. This is my first time applying for a study visa.

32. Do you have any past visa refusals?

Sample answers:

1. No, I don't have any visa refusals from any country.
 2. Yes, my visa was once refused because of the missing documents by (Name of the embassy).
-

33. Where do you see yourself in the next 5 years?.

Sample answers:

1. In 5 years, I want to be really good at my job and career. I want to work at a big company, use new ideas, and perform my best in my field.
 2. In the next 5 years, I hope to build my career and life in Germany. I want to work in a good company, learn more skills, and live comfortably there.
-

34. What was your previous degree, and from where did you complete it?

Sample answer:

My previous degree is in Computer Science, which I completed from [university name].

35. Why did you choose this specific intended program?

Sample answers:

1. I chose this program because AI is a new and exciting field in Computer Science. Many companies need AI experts, and it has a lot of good jobs and growth.
 2. I have worked as a Data Scientist for 1 year in Pakistan. Now, I want to learn more about this field to improve my skills. That is why I chose this program.
 3. This course is relevant to my previous studies, as I have done a work experience/project/internship (mention if any) related to this field. This course will add value to my profile and help me grow in my career.
-

35. How does this course align with your previous studies?

Sample answer:

I have a BS in Computer Science, in which my courses were related to software development, algorithms, and data structures. My intended course is a Master's in Data Science, which has similar courses.

36. What is your expertise? How will it benefit you in studying this specific course?

Sample answers:

Specific: I have worked in web development. This Web Engineering course will help me gain deeper knowledge in web development, coding, and design thinking, which are important for my career growth.

General: I have skills related to my field, and this program will help me build on them. It will teach me advanced knowledge and practical skills. This will prepare me well for my future career and research opportunities.

37. How will this course benefit you?

Sample answer:

By completing this course, I will learn (mention 2,3 specific skills), which will help me get a job in the field of (mention your field).

For example, by completing this course, I will learn Statistics, Programming, and database subjects that will help me get a job in the field of Data Science.

38. What will you do after completing your degree?

Sample answers:

1. After completing my degree, I plan to get a job in Germany.
2. I have not decided yet, but I think I'll do a job after this degree. Also, I may go for another degree in the field of (mention your field/subject).
3. There are two options for me. Either I will pursue a PhD or I will do a job. I will decide based on the opportunities.

39. How did you learn about this specific course?

Sample answer:

I studied a subject related to this course. I found it interesting. A few months ago, I came to know from the DAAD website that (name of intended university) is offering this advanced course/specific course. So, I decided to go for it.

40. Will you return to Pakistan after completing your studies?

Sample answers:

1. I plan to do my field job for a few years in Germany, and then I will come back to Pakistan.
 2. My family lives in Pakistan, so I plan to come back, but I will do a few years' job in Germany to get some field experience.
-

41. Why didn't you apply for this program in Pakistan?

Sample answer:

1. Because the program offered in Pakistan is not as advanced as that offered in a German university.
 2. The curriculum for this course offered at a German university is much better. German universities offer internships in this course. Also, this course is tuition-free in Germany.
-

42. What are you currently doing?

Sample answers:

1. I am currently doing a data entry job at a private company (Freelancing?).
 2. I have recently finished my studies and am now learning German.
-

43. Do you have any work experience?

Sample answers:

1. Yes, I have 2 years of working experience as a Sales Coordinator at a company.
 2. No, I don't have any work experience because I recently completed my studies.
-

44. How does your work experience relate to your intended program?

Sample answer:

I work as a Business Development Executive at a company. My intended course is an MBA in International Business Administration. Both fields are related to public management and corporate management.

45. Will you do a job in Germany if it is offered to you?

Sample answer:

If I get a job in Germany, I would gladly accept it because it will help me gain valuable experience and grow professionally in an international environment.

46. What will you achieve professionally by graduating from this course?

Sample answers:

1. For example, the course is Computer Science.

Professionally, this will open opportunities in fields such as software engineering, artificial intelligence, and cybersecurity. It will allow me to grow in my career.

2. For example, the course is Business Administration.

Graduating with this will provide a strong foundation in management, finance, marketing, and strategic decision-making. That will help me get a job in Germany.

3. General answer (for any field)

By graduating from this course, I will gain important knowledge and skills like [some skills related to your field] that will help me get a job in Germany.

47. What are your plans for the future?

Sample answers:

1. After completing my bachelor's degree, I plan to get a job.
 2. After completing my master's degree, I plan to get a job in the field of Data Science.
-

48. Are you learning German? Have you taken the German language test?

Sample answers:

1. **Yes**, I'm learning German. I haven't taken any German language tests because I just started learning German.
2. **Yes**, I am learning German. I have learned the basic German words, such as Hallo, Danke, Guten Morgen, and Guten Abend.

Hallo = Hello

Danke = Thanks

Guten Morgen = Good morning

Guten Abend = Good evening

49. Are universities in Pakistan offering the same course? Why not Pakistan?

Sample answers:

1. The research facilities related to my field are not available/sufficient in the universities of Pakistan. Also, there are more job opportunities in Germany in this field.
 2. This course has a better and more practical curriculum than in Pakistan. Also, there are more job opportunities in Germany in this field.
-

50. Is any German required for this course?

Sample answers:

1. No, because this course is completely an English-taught program.
2. Yes, this course requires additional requirements for German A1. Which I have completed already.

3. This course doesn't require any German proficiency to start the course however, there is a requirement to complete A2 by end of 3rd Semester, which I will do in Germany.
-

51. How will you overcome the language barrier?

Sample answers:

1. I have learned German to the A2 level. I know the basics and understand German. So, it won't be difficult for me to overcome the language barrier.
 2. I just started learning the German language to overcome the language barrier. For now, I know a few words like Hallo, Guten Morgen, Guten Abend, etc. I will continue to learn more and will overcome the language barrier.
-

52. Why not study in an English-speaking country?

Sample answers:

1. Because, Germany offers quality education over any other English-speaking country. Also, there is no tuition fee, so I chose Germany.
 2. I didn't choose an English-speaking country because Germany has a strong focus on practical learning and research. It also has a good reputation for IT, engineering, and technical programs.
-

53. Why not pursue a job in Pakistan instead?

Sample answer:

1. Employment options in Pakistan are very low, and growth opportunities are few. Moreover, the salaries at the entry level are low. That is why I will complete my studies in Germany and get a job there.

2. I am already doing a job in Pakistan, but the growth opportunities are few, and the salaries are low. So I would like to complete my studies and get a job in Germany.
-

54. What will be your compulsory/main courses in this degree?

Sample answer:

The compulsory courses for my Master's in Applied Computer Science are Computational Intelligence, Web Applications, Mobile Systems, and Service-oriented Networks.

55. What will you do if you don't find a job after your studies?

Sample answer:

If I couldn't find a job after my studies, I would do an internship. With the experience gained through an internship, I will find a job with an 18-month job search visa after my bachelor's/master's.

56. Which company will hire you after this degree?

Sample answer:

After completing this degree in computer science, companies like Deutsche Telekom, SAP, and Bosch will hire me.

57. What will you do if your visa is delayed?

Sample answer:

I will request my intended university to allow me a “late arrival”. I hope they will grant me a late arrival if my visa is delayed.

58. Why go for studies instead of continuing your job?

Sample answers:

1. I have good work experience in Pakistan, but I want to learn more and grow in my field. Studying in Germany will help me improve my skills and get better career options. Also, Germany has great education, with practical learning and strong research.
 2. I have worked in Pakistan, but I feel limited in my current job. The growth opportunities are few, and the salaries are low. So I would like to complete my studies and get a job in Germany.
-

59. Why not complete education in Pakistan?

Sample answer:

1. Pakistan has good universities, but Germany offers more advanced courses, better research labs, and international experience. German universities also focus more on practical learning and working with industries, which is not common in Pakistan.
 2. The course content in Pakistan is mostly outdated, and they focus only on theoretical knowledge. German universities focus more on practical learning, so I want to complete my education in Germany.
-

60. What skill will you learn in your degree?

Sample answer:

I will learn practical skills such as (coding in Python and Java, building software applications, analyzing data, solving technical problems, and using tools like Git and MATLAB). These skills will help me work on real projects and grow in my career.

61. Why do you have this study gap in your CV?

Sample answers:

1. The study gap is because I have been working since last year.
 2. The study gap is because I was learning the German language.
 3. The study gap is because I was doing a certification/course in my field.
-

62. This degree is being taught in NUST or UET, so why Germany?

Sample answer:

The course content in Pakistan is mostly outdated, and they focus only on theoretical knowledge. German universities focus more on practical learning and working with industries, so I want to complete my education in Germany.

63. Why should we grant you a visa?

Sample answer:

Because I have completed all the university requirements, Embassy requirements, and the German Study visa requirements. This makes me an eligible candidate for this visa.

64. What is your expertise?

Sample answer:

1. I am an expert graphic designer. I have been creating designs and models as a freelancer for 3 years.
 2. I am an expert in data analysis. This skill is best for my intended degree.
-

65. What developed your interest in studying (specific course)? How did you become interested in it?

Sample answers:

I studied 2 courses (Names) during my last degree. Those are closely related to this degree. I found them very interesting and easy to understand. That's when I realized I want to learn more about (course/field). So I decided to study this subject in detail. That's how I became interested in it.

66. What will you do after returning to Pakistan?

Sample answers:

After returning to Pakistan, I will look for a job related to my field. [Some companies/software houses name] can hire me.

67. What improvements will AI bring to your field?

Sample answers:

1. AI will help computer science by doing coding tasks automatically. It will make computers safer and improve how programs work. It will make testing software easier. Also, AI will help computers understand human language and support

self-driving systems.

2. AI will help businesses by doing routine jobs automatically. It will help leaders make better decisions and improve customer service with chatbots. It will make supply chains, marketing, and finance work better and give useful information to grow the business.
-

68. You could have learned German in Pakistan. Why didn't you?

Sample answer:

Actually, I have started learning German. I know basic German words, such as Hallo, Danke, Guten Morgen, and Guten Abend.

69. What is your current salary?

Sample answer:

1. My job is an entry-level job. So, my salary is minimal, almost 50K PKR.
 2. With my current job, I am earning 120K PKR per month.
-

70. What is the recent research in your field?

Sample answer:

1. My field is biochemistry, and recent research shows that "Designer Cannabinoids could be the Key to Pain Relief Without Adverse Effects."
2. My field is Psychology, and my recent research shows that "Nature Relieves Physical Pain".

3. My field is Computer Science. Recent research is focused on Artificial Intelligence (AI), especially on chatbots like ChatGPT. These AI systems can understand and reply to human language. Researchers are working to make them even smarter and more helpful.
-

71. How much salary will you get after this degree?

Sample answer:

My expected salary after completing this degree in Germany will be around 40,000 Euros per annum. (Tax 30-40%)

72. How will this degree help you in the future?

Sample answer:

1. My computer science degree will help me get good jobs in areas like software development, AI, and cybersecurity. It will improve my problem-solving skills and open many job opportunities in the tech industry.
 2. My business administration degree will prepare me for leadership roles in management, finance, and marketing. It will also help me learn how to make smart decisions and solve real business problems. This will give me the skills to work in top companies or start my own business.
-

73. What are the main course modules? / What will you study in this course?

Sample answer:

My intended program is Advanced Computational Methods in Civil Engineering. The course modules are Biomechanics, Advanced Structural Analysis, Finite Elements in Fluids and Solids, and Multiscale Techniques.

74. What is the blocked account amount you have submitted?

Sample answer:

I have submitted 11,904 euros for the blocked account.

75. How will you manage your expenses in your 2nd year?

Sample answers:

1. I will do a part-time field job to manage my expenses in 2nd year.
 2. My father gave me money for a blocked account. He will also support me in the 2nd year.
-

76. How will you pay your second-semester fee?

Sample answer:

My second semester's fee is very nominal, almost 300 euros. It is quite manageable. I can manage it with my savings from the blocked account amount, or I will save money from a part-time job for my second semester.

77. Haven't you tried NUST or LUMS for admission in Pakistan? / Is this course offered at any Pakistani university?

Sample answers:

1. My intended course is a specialized program in my field. It is not offered in NUST, LUMS, or any other university in Pakistan.
 2. This course is being offered at multiple universities in Pakistan but the course content in Pakistan is mostly outdated, and they focus only on theoretical knowledge. German universities focus more on practical learning, so I want to do this course in Germany.
-

78. Is there any company that would hire you? / What company would you want to work with in the future?

Sample answer:

Yes, many companies are looking for IT/Business graduates. I would like to work at a company like Lufthansa Systems, Siemens, or Bosch. These companies are international and offer good jobs in IT/Business, especially in areas like aviation and technology.

78. In which semester did you apply?

Sample answers:

1. I have applied for the winter semester.
 2. I have applied for the summer semester.
-

79. Did you take the IELTS exam? What is your IELTS score?

Sample answers:

1. Yes, I took the IELTS exam. I obtained 6.5 bands overall in IELTS.
 2. No, because my previous degree had an English instruction medium. So, my intended university accepted that proof for my admission.
-

80. What is the capital of Germany?

Sample answer:

The capital of Germany is Berlin.

81. Tell me the names of 5 big cities in Germany.

Sample answer:

Berlin, Hamburg, Munich, Cologne, and Frankfurt are 5 big cities in Germany.

82. Who is the current Chancellor of Germany?

Sample Answer:

Friedrich Merz is the current Chancellor of Germany. ([Click here for the latest name.](#))

83. How many states are in Germany?

Sample answer:

Germany has 16 states. Bavaria, Berlin, Hesse, and Hamburg are some well-known states.

84. What is the population of Germany?

Sample answer:

The population of Germany is around 83 million.

85. What's the scope of your field in Germany?

Sample answers:

1. For the students of Business Administration

Business administration is a wide field that includes managing companies, handling money, marketing, and hiring people. I can work in leadership jobs, banks, consulting, or new startups. My field has good scope, and there are many job opportunities in Germany and around the world.

2. For the students of CS/IT

IT is a growing field that includes software development, cybersecurity, and data management. I can work in tech companies, banks, healthcare, or startups. My field has good scope, and there are many job opportunities in Germany and around the world.

3. For the students of Environmental Science

Environmental Science focuses on protecting nature, saving resources, and controlling pollution. I can work in research centers and industries to solve environmental problems and support sustainable living. My field has good scope, and there are many job opportunities in Germany and around the world.

86. What courses will you study in the first semester?

Sample answer:

In the first semester of my course, I will study Non-linear Structural Analysis, Biomechanics, and Parallel Computing Methods (names of any three courses from your intended program's course module).

87. You have other plans. Are you really going for studies?

Sample answer:

I do not have any other plans. My main purpose is to study in Germany. I want to focus on my education and building my future.

88. How many years do you intend to stay in Germany?

Sample answers:

1. I shall be staying in Germany for 5-8 years. Because my bachelor's is 3.5 years, I will get a few years of experience.
 2. I shall be staying in Germany for 5-6 years. Because my master's duration is 2 years, I will get a few years of experience in my field.
-

89. Which particular subjects are you most interested in?

Sample answer:

I am interested in studying Computational Intelligence, Human-Computer interactions, and Mobile Systems. I will study these subjects in my first 2 semesters.

90. From which university did you complete your last degree, and how was your experience?

Sample answer:

I did my bachelor's at UET Taxila. My experience was quite good and I have learned a lot.

91. What was the duration of your previous degree and your CGPA?

Sample answer:

My previous degree was a 4-year bachelor's, and my CGPA was 3.61.

92. Have you searched for other countries?

Sample answers:

1. Yes. I searched for other countries such as Austria, Hungary, and Italy. But I decided to study in Germany because of its tuition-free and high-quality education.
 2. No. I did not search for other countries. I only preferred to study in Germany because of its tuition-free and high-quality education.
-

93. What is your backup plan in case of visa refusal? / What if I reject your visa?

Sample answers:

1. Studying in Germany is my dream. If my visa is rejected, then I will apply again.
 2. I fulfill all the requirements, and I hope to get my visa, but if my visa is rejected, then I will apply again.
-

94. I'm not satisfied with your answer. Explain again?

Sample answers:

1. Okay, let me try to explain...
-

95. What have you done in the last 1 year?

Sample answer:

1. I have been learning German for the last 1 year.
 2. I have been working for the last 1 year.
-

96. Is studying in Germany easy?

Sample answer:

Studying in Germany will be challenging, but it is rewarding at the same time. Since I have a good academic background and knowledge of my intended course. Therefore, studying in Germany will not be difficult for me.

97. What is your occupation, and what does that do?

Sample answer:

1. I am a clinical psychologist. As a clinical psychologist, I assess, diagnose, and treat people with mental, emotional, and behavioral disorders.
 2. I am a software developer. I design, build, and test computer programs and apps used by people and businesses.
-

98. Where were you born?

Sample answer:

I was born in Khanewal, Pakistan. (see your passport)

99. Is your Father retired or still working? What's his income?

Sample answers:

1. My father is still in service. His income is 130,000 PKR per month.
 2. My father is retired, and he is receiving a 60,000/- pension per month.
-

100. Do you have any publications?

Sample answers:

1. No, I don't have any publications.
 2. Yes, I have a review article/ research paper (name of your publication) published in the journal (name of the journal).
-

101. How many neighboring countries does Germany have? Name a few countries.

Sample answer:

Germany has 9 neighboring countries. France, Switzerland, Poland, Austria, and Denmark are some of the neighboring countries of Germany.

102. Why haven't you attempted IELTS?

Sample answer:

My medium of instruction in the last degree was English. I got admission on the basis of my English Proficiency Certificate. So, I did not attempt the IELTS test.

103. How long did it take you to reach Islamabad?

Sample answer:

I traveled for 4 hours to reach Islamabad from Faisalabad.

104. Why aren't you completing your bachelor's in Pakistan? Why are you going to Germany after 2 semesters?

Sample answer:

I completed 2 semesters in Pakistan to meet the 13 years of education required by German universities for a Bachelor's degree. My goal was always to study in Germany, so I started here only to become eligible.

105. What is your passport number and its expiry date?

Sample answer:

My passport number is XY3456789, and its expiry date is 29/12/2034.

106. To how many universities did you apply?

Sample answer:

I applied to 8-10 universities for admission.

107. Did you take any university admission tests?

Sample answer:

1. Yes, I have taken the University Test and qualified with a good score.
 2. No, this university doesn't require an admission test.
-

108. Will you do odd jobs in Germany?

Sample answer:

I don't plan to do odd jobs in Germany. Instead, I will try to find an internship or part-time work related to my field of study. This will help me gain experience in my field.

109. Will you change your course or University after going to Germany?

Sample answer:

No, this course is my desired course and I don't plan to change it after going to Germany.

The end.
